

II LIVE COURSE ON MYOCARDIAL MICROVASCULAR RESISTANCE AND ABSOLUTE CORONARY FLOW

LOCATION: Cardiology Department. Hospital Universitario La Princesa, Madrid

DATE: 22nd of November 2019

Directors:

- Prof. Dr. Nico Pijls
- Dr. Fernando Rivero
- Dr. Fernando Alfonso

Agenda (Friday 22nd, 2019)

08:30 – 08:35	Welcome	<i>Dr. Fernando Alfonso</i>
08:35 – 09:35	Introduction, theory and practical performance of absolute flow & resistance measurement in the myocardium	<i>Dr. Nico Pijls</i>
09:35 – 10:00	Tips and tricks of absolute flow measurement using the Coroventis System	<i>Dra. Danielle Keulards</i>
10:00 – 11:00	Case #1.- ACS, physiological assessment before and after intervention	<i>Operators: Dr.Pijls/Dra. Keulards/Dr.Rivero/Dra . Bastante</i>
11:00 - 11:15	Discussion on Case #1	
11:15 – 11:45	Coffee Break	
11:45 – 12:00	Differences between thermodilution techniques for invasive diagnosis	<i>Dr. Fernando Rivero</i>
	New issues in microvascular dysfunction	<i>Dr Nico Pijls</i> <i>Dr Fernando Alfonso</i>
12:00 – 12:15	New microvascular assesment insights from the 2019 ESC Guidelines	<i>Dr. Josep Gómez Lara</i>
12:15 – 12:30	Microvascular function assesment in MINOCA patients	<i>Dr. Alejandro Gutiérrez</i>
12:30 – 12:45	Microvascular endothelial dysfunction diagnosis	<i>Dr. Enrique Gutiérrez</i>
12:45 – 13:45	Case #2.- STEMI, physiological assessment of culprit and non-culprit lesions	<i>Operators: Dr.Pijls/Dra. Keulards/Dr.Rivero/Dr. Cuesta</i>
13:45 – 14:00	Discussion on Case #2	
14:00 – 14:30	Open issues, advanced features, questions, on-going and future studies	<i>Dr. Pijls</i>
14:30 - 14:45	Closing of the course	<i>Dr. Fernando Alfonso</i>
