12th AHO MEETING

WELCOME LETTER

Dear colleague,

We would like to invite you to the 2020 edition (12th of an uninterrupted series) of the AHO (Almost Hands On) chronic total occlusions workshop.

Due to the current pandemic, our main focus is to ensure the safety of our faculty, participants and especially our patients. With this in mind, we have reinvented ourselves in a completely new virtual congress of this true “last frontier” in Interventional Cardiology.

This year’s workshop will undertake the task of delivering brief and structured overview of CTO recanalization alongside a series of pre-recorded cases. The registration is free of charge and, both the presentations and the cases, will remain online for all to review. As you may imagine our international faculty will not be able to attend, however both Dr Yamane and Dr Karpaliotis, will deliver a masterclass that will represent the complimentary points of view from both Japan and America.

We acknowledge gratefully the support from our sponsors: Abbott, Terumo, World Medica, Boston Scientific, Biosensors, Cordis, Philips and Teleflex that make this event possible through an unrestricted educational grant.

We are looking forward to sharing with you this new and fascinating experience.

The AHO Workshop Directors

- Dr. Javier Escaned** Hospital Clínico San Carlos Madrid
- Dr. Javier Goicolea** Hospital Puerta de Hierro
- Dr. Manel Sabaté** Hospital Clinc Barcelona

PROGRAM CTO PCI, "Start from Scratch"

MONDAY, 14 TH DEC 2020	
15:30	<p>Welcome and Introduction Javier Goicolea, Javier Escaned & Manel Sabaté</p>
	<p>Last Year Cases. What happened? Breda Hennessey</p>
	<p>Getting Initiated</p>
	<p>Chair: Manel Sabaté Discussants: Nieves Gonzalo, Pablo Salinas & Jose Antonio Fernández</p>
