

Madrid Microcirculation Meeting - 4th Edition -

Hospital Universitario de La Princesa

Directors:

- Prof. Bernard de Bruyne
- Prof. Nico Pijls
- Dr. Fernando Rivero
- Dr. Fernando Alfonso

29th - 30th November 2023

Location:

Hospital Universitario de La Princesa, Innovation Room (1st Floor), Madrid

Agenda.-

Wednesday Nov 29th

16:30 – 16:35	Welcome	<i>Dr Alfonso</i>
16:35 – 16:50	From FAME to ORBITA 2	<i>Dr De Bruyne</i>
16:50 – 17:05	Novelties in coronary physiology. Where are we?	<i>Dr Pijls</i>
17:05 – 17:20	Endotypes are clinically useful and should be determined	<i>Dr Daemen</i>
17:20 – 17:35	Practical organization of an ANOCA clinic	<i>Dr De Bruyne</i>
17:35 – 17:50	Microvascular dysfunction by bolus: tips & tricks thermodilution (CFR & IMR)	<i>Dr Rumiz</i>
17:50 – 18:05	Intracoronary adenosine for bolus thermodilution	<i>Dr Mejía</i>
18:05 – 18:20	Microvascular dysfunction by continuous thermodilution (AF & MMR)	<i>Dr Pijls</i>
18:20 – 18:35	AFINOCA Trial	<i>Dr Rivero</i>
18:35 – 18:50	Microvascular dysfunction and aortic stenosis	<i>Dr Gutierrez Barrios</i>
18:50 – 19:00	Absolut flow after successful CTO-PCI	<i>Dr García Guimarães</i>
19: 00 – 19:15	Panel discussion	

Thursday Nov 30th

09:00 – 09:05	Welcome	<i>Dr Alfonso</i>
09:05 – 09:30	Basics of the principle of MRR	<i>Dr Pijls</i>
09:30 – 09:45	MRR in clinical practice	<i>Dr De Bruyne</i>
09:45 – 10:00	Angio-based microcirculation evaluation	<i>Dr Cortés</i>
10:00 – 10:15	Clinical management of ANOCA patients	<i>Dr Roa</i>
10:15 – 10:30	Coronary sinus devices (Reducer)	<i>Dr Rodríguez</i>
10:30 – 10:45	Panel discussion	
10.45 – 11:15	Live Case #1.- Physiological assessment in ANOCA patient (& AMR)	<i>Operators: Dr Cuesta/ Dr Marschall/Dr. Cortés</i>
11:15 – 11:30	Discussion on Case #1	
11:30 – 12:00	Coffee Break	
12:00 – 12:15	No-reflow. The RAINFLOW study	<i>Dr Gomez-Lara</i>
12:15 – 12:30	Treatment of microvascular obstruction in STEMI	<i>Dr Brugaletta</i>
12:30 – 13:00	Treatment of no-reflow by distal drug perfusion	<i>Dr Otaegui</i>
13:00 – 13:15	Epicardial & microvascular assessment in ACS (culprit & non-culprit)	<i>Dr Gutiérrez Ibañez</i>
13:15 – 13:45	Live Case #2.- Physiological assessment in ACS patient (& AMR)	<i>Operators: Dr Bastante /Dr Del Val/Dr Cortés</i>
13:45 – 14:00	Discussion on Case #2	
14:00 – 14:15	“Closing remarks”	<i>Dr Pijls / Dr De Bruyne</i>
14:15	Adjourn	<i>Dr Alfonso</i>
